**03:00 hours**

 **maximum altitude:**  
**664 meters**

 **minimum altitude:**  
**520 meters**

 **altitude difference:**  
**283 ascending**

 **altitude difference:**  
**272 descending**

This magnificent round owes its name to the course in the form of a "lying 8". It leads through the foothills of the Alps formed by the Ice Age glaciers, along the Weißen and Tiroler Achen and is as spectacular as it is demanding. But it's worth it! After a good 40 km, the round is done! Now a Chiemgau delicacies, a beer or an ice cream taste good on an inn terrace.
